

Residential Water Heater

Water heating is the second-largest energy expense in most households, accounting for around 18% of the power bill. New energy-efficient storage water heaters contain high levels of insulation around the tank to reduce standby heat loss. Heat pump water heaters, like your heat pump HVAC unit, utilize the air around them to heat your water.

Simply fill out this application in its entirety and send it in with your invoice noting manufacturer/brand, model #, serial #, and cost of your new water heater. You can also apply for your heat pump or Wi-Fi enabled water heater incentive online at winenergyremc.com

We also suggest checking out Indiana's Residential and Homeowner Incentives webpage for more information on tax credits and their upcoming energy efficiency incentive programs.

The infographic consists of three overlapping circles. The top-left circle is pink and contains the text '\$500 Heat Pump Water Heater'. The bottom-left circle is also pink and contains '\$50 Electric Storage Water Heater'. The right circle is grey and contains '\$300 Wi-Fi-enabled electric storage water heater'. To the right of these circles is a black and white illustration of a water heater tank.

To Qualify:

- Must be installed in a home served by WIN Energy REMC.
- Limit of two (2) rebates allowed per member account per useful life of rebate equipment.
- Minimum UEF rating ≥ 0.90 .
- Must submit signed application with itemized invoice/receipt and proof of UEF rating.
- Wi-Fi unit must be built into the water heater when purchased and not a stand-alone equipment piece.
- Incentive amount cannot exceed 50% of equipment cost.
- Please review the complete list of terms and conditions.

Residential Water Heater

Terms & Conditions

Eligibility Requirements

- Must be a current WIN Energy REMC residential member-consumer.
- Equipment installations must be in a home served by WIN Energy REMC.
- Applicant must occupy the home where the equipment is installed year-round (12 months).
- Program eligibility includes prior participation in rebate programs, with incentive and measure caps specific for each program. Applications in excess of program caps will not be processed.

Water Heater Rebate Program Requirements

- All homeowners must provide proof of Uniform Energy Factor (UEF) rating.
- Submission for water heater rebate must include application, itemized receipt or invoice and picture or certificate noting UEF rating. Applicant should understand no rebate will be given if applicant and/or applicant's contractor fails to provide required documentation.
- Limit of two rebates per household, per useful life of eligible equipment.

Program Parameters

- All rebated equipment must be new. Used or rebuilt equipment is not eligible for an incentive.
- Rebated equipment must meet all requirements from the manufacturer's warranty.
- Rebated equipment must meet the technical specifications listed in the application form.
- Applicant agrees to purchase power from WIN Energy REMC for a period not less than the deemed measured useful life of rebated equipment. Should the applicant receive 100% of their power from any source other than WIN Energy REMC, including generation owned by the customer before the end of the equipment's deemed useful life, the applicant agrees to refund the full amount of the rebate to WIN Energy REMC.
- Hoosier Energy maintains full discretion over the rebate and reserves the right to modify the program at any time.

Application Procedures and Deadlines

- Applications are processed on a first-come, first-served basis while funds are available.
- Submission for rebates must be within 90 days of installation in the same calendar year.
- Applications become the property of WIN Energy REMC and will not be returned. Please keep a copy for your records.

Right to Confirm Installation

- Pre-install inspection: WIN Energy REMC reserves the right to inspect the program participant's premises to verify that equipment meeting program qualifications exists prior to providing an incentive. The program participant agrees to provide reasonable access to the premises for such purposes.
- Post-install inspection: WIN Energy REMC reserves the right to inspect the program participant's premises to verify that equipment matching the information provided on the program application has been placed in service at that location. The program participant agrees to provide reasonable access to the premises for such purposes.
- Post-inspection: The program participant will have 30 days from the request date to submit any additional information requested by WIN Energy REMC. Failure to submit requested information may result in application rejection.

- If any requested inspection finds the program participant or the program participant's contractor did not comply with program rules and standards, any incentive received must be returned to WIN Energy REMC within 60 days of notice of such inspection.
- WIN Energy REMC reserves the right to conduct an additional post-install inspection for program portfolio evaluation, measurement and verification (EM&V) purposes. Incentives received will not be affected by the results of this inspection.

Incentive Payments

- WIN Energy REMC reserves the right to approve or deny incentive.
- The incentive payment cannot exceed 50% of the total equipment cost. Installation, taxes and fees cannot be included in the equipment cost.
- Rebates may take up to six weeks from receipt of the application by WIN Energy REMC to process.
- Approved rebates will be returned to the applicant in the form of a check by mail, via the U.S. Postal Service, or through a bill credit.
- Application approval is not a guarantee of incentive payment.
- WIN Energy REMC reserves the right to withhold payment for products that do not meet the program requirements as determined within its sole discretion.
- WIN Energy REMC is not liable for incentives promised to members as a result of a contractor misrepresenting or not verifying the rules of the program. Only WIN Energy REMC has the right to approve an application and the incentives.
- Incentives are paid as a one-time, one-program offer and cannot be combined with incentive payments, rebates, or discount programs from other utility providers.

Logo Usage

- Program applicants and program participants may not use any member cooperative or Hoosier Energy logo or name without prior express written permission.

Program Disclaimers

- Your electric cooperative and Hoosier Energy REC, Inc.
 - Does not endorse any particular manufacturer, product or system design by offering these incentives;
 - Will not be responsible for any tax liability imposed on any program participant as a result of the payment of incentives;
 - Does not expressly or impliedly warrant the performance of any installed equipment and hereby disclaim any and all warranties, express or implied, including the warranties of merchantability or fitness for a particular purpose;
 - Is not responsible for the handling, storage, treatment, transportation or disposal of any waste generated as a result of any measures for which incentives have been applied for and/or received under this program nor any resultant environmental contamination related to the same;
 - Is not liable for any damage caused by the operation or malfunction of the installed equipment; and
 - Does not guarantee that a specific level of energy or cost savings will result from the implementation of energy conservation measures or the use of products funded under this program.
