Budget Billing Enrollment Form

What is Budget Billing?

- Budget billing is an equalized payment plan that allows you to pay the same amount on your electric bill each month, based on the previous twelve months' usage.
- You can view and track your actual usage and account balance on your billing statement each month or online at our website: www.winenergyremc.com
- Budget accounts are settled annually based on the month that you enroll. You will be billed the budget amount for eleven months. Any debit or credit balance existing on your account in month twelve of the budget year will be rolled into your next budget year and your monthly budget amount will be adjusted accordingly.

I wish to enroll in WIN Energy REMC's Budget Billing Program. I understand that all bills must be paid on time in order to remain in this program. Further, at the end of each current budget year, I understand that any credit or debit balance will be spread over the next twelve months' bills and my monthly budget amount will be adjusted accordingly. I understand that this request does not guarantee enrollment in the program and if accepted, it may take up to 30 days for budget billing to be reflected on my bill.
